2019 NISG General Election
Questions Regarding Intent to Run

1. Why are you running for this position?
I want to get more involved and make a difference at UNI. My goal is to enhance opportunities for the Business College and help endorse the needs of our students. I believe that through my work in senate, I will be able to represent our college well.

2. Why do you believe you are qualified for this position?
I have held numerous positions of leadership in UNI. I have served on the finance committee of NISG so I have learned about many of the senate’s responsibilities. I am currently the Bradford Ambassador for UNI within the college of Business so I have experience making connections with both staff and students. Additionally, I am the Vice President of Organization Development for the sorority Alpha Sigma Tau so I’ve learned how to balance responsibilities with my academics.

3. What do you believe are some important issues facing the UNI student body?
With enrollment down, it is vital that our student body understands the complications this situation creates. The university is having to cut budgets that are typically allocated to student organizations. These circumstances are making it difficult for our students to get funding for events they wish to sponsor, and for UNI students to impact others on our campus.

Election Commission Signature:
4. What goals would you like to accomplish in your position?
   - I would like to enhance transparency with our student body and student government.
   - Provide opportunities for our students to address serious concerns on campus with top decision makers.

5. How will you accomplish these goals?
   - Create a designated account on social media for Hilltop to respond to different events and concerns of the student body. Develop a filter to remove all “troll” and non-credible questions (e.g., personal attacks, brand-attacks or the university affiliates, and rhetorical questions).
   - Host a once semester forum where students from each college can ask top college decision-makers about decisions impacting their colleges and UW as a whole.
