1. Why are you running for this position?
   I want to continue to progress with the Menstrual Product Initiative. I am so passionate about supporting UNI's message of inclusivity and providing students an even playing field in which to learn. I also wish to support the existing movement to provide students access to information regarding insurance plans and insurance coverage in the greater Cedar Valley area, including international students in this search.

2. Why do you believe you are qualified for this position?
   As a returner to NISG, I am so excited to have the opportunity to be a part of this group once again. I am a life long learner and as a student leader, I follow this mentality through all I do. I believe that I need to work to find my purpose, and I have many goals for UNI that can be achieved through this organization. I am dedicated to improving the lives of students at this great university.

3. What do you believe are some important issues facing the UNI student body?
   I believe that consistency, fairness, and transparency will be themes in which we can achieve going forward. It is a time of great change here at UNI, with the accreditation approaching in 2021. It is crucial that we go forward with positivity as many elements of our campus have faced communication errors and PR mistakes. There are also many fears regarding tuition and costs related to fees for students here.
