2019 NISG General Election
Questions Regarding Intent to Run

1. Why are you running for this position?

I am running for this position in order to accurately represent students in the COE. All too often educators get the short end of the stick, my role is to educate my constituents of current policies that need to be changed. Ed majors having to pay all tuition/fees while student-teaching isn’t fair and I hope to pursue change to these current rules.

2. Why do you believe you are qualified for this position?

I am qualified for this position based on my past accomplishments as a senator. I have been involved in multiple campus committees and believe I represent COE students accurately. My passion, perseverance, and grit will ensure a job well done.

3. What do you believe are some important issues facing the UNI student body?

I believe there is some racial tension among students/staff that needs to be addressed explicitly. Along with that, I believe our university needs to address some issues regarding snow removal. More funds need to be allocated for this work to ensure student safety.

4. What goals would you like to accomplish in your position?

5. How will you accomplish these goals?

I hope to accomplish these goals by continuing to talk with my constituents and getting feedback. Ultimately, I hope my passion and grit will help accomplish these goals as well as peer collaboration.
